INTERNSHIP

Sales force

Karmavir Dadasaheb Kannamwar College of Engineering

2023 Nagpur, Maharashtra

- Assisted in the development of an e-commerce platform for retail experience
- Led social media campaigns to boost brand image and sales
- Integrated e-commerce website to function with various social media platforms and company profiles
- Made presentations on best practices for customer support and sales executives

Machine learning

Code Craft

2025 Nagpur, Maharashtra

- Focus on building a strong foundation in programming, especially Python, and gaining practical experience with data handling, algorithms, and machine learning models.
- Develop soft skills like communication and teamwork, and actively participate in online platforms.

AI Green Skills

EduNet Foundation

2025 Nagpur, Maharashtra

- Focus on building a strong foundation in programming, especially Python, and gaining practical experience with data handling, algorithms, and machine learning models.

ACADEMIC PROJECT

Forest Fire Detection using CNN

- A CNN-based forest fire detection system utilizes machine learning to identify fires in real-time using images or video feeds. This system leverages the power of CNNs to analyze visual data and accurately classify scenes as containing fire or not. The system aims to provide early detection, enhancing safety and facilitating timely intervention during forest fires.

Brain tumor Detection

- A project utilizing Convolutional Neural Networks (CNNs) for brain tumor detection involves training a model on MRI images to identify and classify tumors. This project aims to improve diagnostic accuracy and speed up the process of identifying brain tumors, potentially leading to earlier and more effective treatment.

EDUCATION

Bachelor of Computer Science and Engineering

SUMMARY

“Seeking an opportunity to be a part of an Esteemed Organization that provides me an ample opportunity to work in challenging environment and present my acquired skill and knowledge in positive growth of an organization.”

CERTIFICATION

SQL,Power BI, Python, Artificial Intelligence

MORE ABOUT ME

Dedication
When I propose to do something,I make it

Perseverance
When I’m working on something that it will take time, I do not despair for finish it

Learning curve
I learn easily when they teach me something

CORE COMPETENCIES

HTML Machine Learning
Deep Learning Python My SQL
